Lemont Pa.

Nov 22 1939

A special meeting of the Board of Supervisors of College Township was held in the Township consolidated school ~~sh~~ House at Lemont, Nov 22, 1939, at 7:30 P.M. A full attendance of the Board of Supervisors were present.

This meeting was for the purpose of learning the results as found by the engineers Gaulin & Dunbar, who had been authorized by the Board to make the necessary estimation, relative to W.P.A. project.

After going over all figures, as compiled by the Engineers, also drafts, and discussing various points, and possibilities, the Board was unanimous in accepting these estimates and drafts. This project is to be Township wide, and Supervisors can stop work any time, that their finance will not permit them to continue. Also they can resume operation, when finance will permit.

Federal Government, also can stop project providing there are unsatisfactory conditions, such as foreman not doing satisfactory work and not cooperating with W.P.A. engineers.
