Lemont, Pa.

Oct. 13, 1959

The Supervisors met at the School House in Lemont on Oct. 13, 1959 at 7:30 O'clock P.M. The following Supervisors were present, R. Clauser, S. Weaver & E. Williams. Other people present at the meeting were G. Stearns, Glenn Stimble, Joseph Spotts, Burr Stimble, Elmer Tewskbury, K. Walker, D. Sowder and Harold Heichel. There was quiet a discussion on the old road running from the John Stover place over to the Boyd Williams farm. It seems this road was vacated in 1929 and one year later in 1930, the Judge changed his previous decision and now the present board finds that it is a Twp Road but hasn't been used for 30 years and is not on the Twp. Road System. This poses quiet a problem for the present board. Mr Gettig checked the records and according to the records it actually is a Twp. Road. The people owning land back along it want it open if it is a Twp Road. The board is going to check further into the matter before doing anything about it. There were several plot plans present by the Planing Commission for the boards approval. The Planing Commission had checked them and had approved them. Mr Heichel was present pertaining to the water problem he has over at his place he was told to put stakes in where he wanted the ditch put and we would open the ditch. The water co hasn't put back some of the hydrants they took out. They are to be instructed to put them back soon or we will write Public Utilities about them. The secretary is to get 75 or 100 copies made of the Land Sub Division Ordinance so any one laying out plot plans can have a copy of the Ordinance.
