Lemont. Pa.

Nov. 12, 1958

The Supervisors met at the Schools House — Lemont on Nov. 12, 1958 at 7:30 O'clock P.M. The following Supervisors were present, L. Weaver, R. Clauser & E. Williams. Also present was the planning Commission. Mr. Scheirer gave a report on the progress of the planning Commission to date; they have decided that there isn't much they can do until they get more detailed maps on maps of the Twp. What they really need now is ~~[illegible]~~ some professional advice, there isn't much point in going ahead without it. We are told that we could hire Engineering Centre Inc., that would furnish maps, publicity literature and everything. Everything the Planning Commission would need including Engineer work surveying etc. These fee would be about $2500.00 for a year but this can be run out over 20 more years. The Planning Commission is having a meeting on Tuesday Nov 18, 1958 at 8:00 P.M. and they are going to have a — from Engineering Centre Inc. present to explain their work, they would like for the Supervisors to be present. The board appointed Mr. Scheirer to represent College Twp on the Regional Planning Commission. Mr. Hoffman was present at the meeting in behalf of the School Board. They want the Supervisors to request Boulsburg Water Co. to install a fire Hydrant near the new School at Panorama Village. He was also interested in the Twp Line between Harris and College Twp at Panorama Village. That line was ~~[illegible]~~ resurveyed at Harris Twp Request and we have never heard the results. Mr. Hoffman said that Mr. Knapp told him the line was O.K. ~~as~~ it was. A group of people were present from the Woman Development pertaining to the naming of the Street in Grand View Terrace. The majority of the people have decided to call the Street Grand View Road. Since the Street was not named when the Plot Plan was recorded the board will except the name chosen by the majority of the residents there.

The board decided to have a notice put in the paper for all residents of Twp. to keep cars off road right of way especially during snow removal.
The following bills were paid for Oct. Const. material, supplies & Equip. Rental 2609.38 — Wages 707.42 — Repair to Truck 119.67 — Social Security 85.70 — Hospitalization 106.44 — Commission — 169.21 Note 1100.00 — Light — 63.71 for a total of 4961.53. Total Receipts for Oct. were 4363.96. The secretary was instructed to have resolution drawn up to take over Center ave. in Mitchell Development in Millbrook and Oak Lane in Mitchell Development in Hammonville. The Supervisor received a letter from the College Area Safety Council pertaining to the school crossing in Lemont since the traffic has been detoured thru Lemont. it is pretty dangerous for the children to cross the road. The board discussed the matter and decided they would have to do something about it. The board talked about having to hire a policeman or maybe a part time policeman. It decided to see if we could find someone and what we would have to do in order to hire one. The fall road work has been pretty well taking care of. The snow fence is all up. we put up all we had last year plus an additional 2000 ft. The board excepted the resignation of Mrs. Thatcher as an alternate on the planning Commission. The board also approved Mrs Whitacre plot plan on the Branch Road.
