Jan. 20, 1947

Supervisors met in the Schoolhouse at Lemont. All members, R. C. Walters, Boyd Williams, J. Marvin Lee, were present.

Board was reorganized as follows for 1947:

Boyd Williams - Chairman
J. Marvin Lee - Secy. - Treas.
Robert C. Walters - Foreman

Dale Shuey and George Bohn from Citizens Committee on Street lighting were present and presented the matter of persons who will not pay or will pay only a part of their share toward maintaining street light service. The supervisors felt that they had no power to act because they were not operating under a law empowering them to carry authority. The committee was appointed to serve after the original law was declared unconstitutional and until a new one should be enacted by the state legislature. The supervisors agreed to take over the business when taxes shall be collected from the 1947 duplicate for street lighting purposes and at that time to ask the township auditors to audit the financial records of the committee.

Mr. J. R. Witherow, State Township Engineer met with the board in regard to proposed improvement of several roads or sections of roads in the township, namely .2 mile of route 333 and .2 mile comprising route 340, both being in Nittany Village. He stated that for resurfacing the cost could be estimated at about $1.00 per Square Yard. As route 340 is on the boundary between College Twp. and State College Boro. the expense of resurfacing that road would be borne jointly by the two

municipalities. Mr. Withrow felt rather certain that the Boro would agree to carrying out this project.

He was also consulted on making another road from Croft and Villa to the state highway at end of road to College Twp School. This was viewed in as a township road during the December term of Centre County Court. The cost would be approximately $3.50 per square yard.

The road tax rate for 1947 was set at 4 mills.

Supervisors agreed to enter into a contract for resurfacing of the road (.4 mile) through Pittsburg Village, half of route 340 being paid by State College Boro.

Recommendations were made for the budget for 1947.

Agreed to buy liability insurance for township truck and secretary to act.

Adjournment.

J. Marvin Lee
Secy.

Addition - R. Paul Campbell was elected solicitor for 1947.

Elwood G. Williams
Chairman
