The Supervisors met in the office of Mr. Paul Campbell Township Solicitor. Williams and Walters present with Campbell discussed the ordinance on amusement tax. We decided to try to get more exact figures on the average attendance at the Drive In Theatre before we decided how much tax to levy. The ordinance on regulating junk yards and other nuisance was discussed, we haven't received any petition as yet, so no action was taken. Decided to have Campbell go ahead and write up ordinance on requirement for streets in new developments. Decided to go ahead with the steps necessary for taking over the Mirry Hill Road. Decided to try to locate a place to dump and burn rubbish in College Twp.
