Lemont, Pa.
Dec. 15, 1955

The Supervisors met at the home of E. G. William on Thur. Dec. 15, 1955 at 7:30 P.M. The following Supervisors were present, Lee, Walters and William. Open bid on used Grader, only bid received was from Penn Central Supply Co. which was $1700.00, by unanimous agreement we excepted the bid. The grader is to be delivered within the next week. A Cinder spreader was discussed and it was decided to order one. Approx. price of Spreader will be $300.00 installed. It is to be delivered within 3 weeks.
The Supervisors purchased 6 Lanterns at approx. $3.50 each.
Lee reported all signs made and painted and ready to be put up again. Walters reported the log at the big ditch on the mountain road was rotted away, he was instructed to get permission from Mrs Hensey to cut large tree and replace bag log. Secretary paid Lee balance on making and painting signs including lettering lanterns which was $35.00. The Supervisors decided to give John Stover permission to cut trees and brush off of Mrs Cobb lot, but keep the Twp. Road clear of all brush etc. We had quiet a discussion on the kiddies playing & sliding on the road thru Spring View and Hauseville. The Secretary read a letter from the Secretary of the P.T.A. concerning a sidewalk from the School to the Clover farm Store.
The Supervisors recognize that danger does exist there. At the present time we are not financially able to put in a side walk and if a walk were built there at public Expense it would be setting a precedent whereby property owner in other parts of the Twp. wont want sidewalks built at public expense. Even then we can't see our way clear at this time we are willing to discuss the matter further with interested Group to try to find a solution to the problem.
Lee was authorized to contact J. H. Mitchell to see about renting a shed at his farm in Hauseville to keep our Equipment in.
Approved: J. Marvin Lee
Chairman

Elwood G. William
Sec.
