August 1, 1967

The Board of Supervisors of College Township met August 1, 1967, at 7:30 in the Municipal Building. All members were present.

Minutes for the July meeting were read and approved. July expenses ~~for~~ of $4,375.67 were approved for payment. Motion, Mr. Williams; second, Mr. Lewine.

Dan Stearns reported on the activities of the Code Committee. As Zoning Officer, Mr. Stearns ~~he~~ issued five permits during the month, totaling $205,000. He reported a request for the use of names received on building permits. The Board ~~Supervisors~~ expressed a ~~unanimous~~ unanimous no to such usage

Mr. Lewine stated that no new information regarding the bypass had been exchanged at the 13 July meeting with Mr. Funk of the Clearfield Office of the State Department of Highways.

He stated the Supervisors had received no official notice of the new route presented in the Centre Daily Times of July 31, 1967. When Mr. Funk was questioned, he said he had no knowledge of the new bypass and he expected no public hearing.

Mr. Lewine said the latest proposed route affects the Township in a more negative way than the first proposed route, in stifling future development of the Township, creating traffic problems and in reduction of tax revenues.

The township solicitor could offer no encouragement as to possible steps the Township might take to have a say regarding the new route. He suggested that the public express ~~their~~ its feeling by contacting The Hon. Daniel A. Bailey and the Hon. Eugene M. Fulmer.

If the Board has an opportunity to cover the economic impact of this bypass upon College Township at a public hearing, ~~they will~~ it will do so. If no such opportunity is available, the response of individual citizens and a citizens' group might be more adequate. The Board will contact Mr. Bailey and Mr. Fulmer to suggest a meeting and meeting dates after investigating the possibility of a public hearing. No ¶

Mr. Bartlett, State Secretary of Highways, will be contacted tomorrow for information regarding the new route.

~~Word has been received from~~ The Township Solicitor reports that Judge Campbell has appointed a Board of View to determine ownership of Cemetery Road.

The Supervisors have received information from the CRPC concerning possible sign ordinances. These recommendations will be turned over to the Planning Commission ~~of~~ College Township for its consideration.

Mr. Cowher of Spring Lea Drive presented a complaint against the Board ~~College Township officials~~ for negligence in controlling water drainage and ~~making~~ asked what liability the Board would assume for damage to his property. Mr. Williams stated this road became Township property on December 6, 1966. Mr. Stearns stated a letter exists in his file saying the road was accepted some time before this date. At Mr. Williams suggestion the matter will be referred to the Solicitor to see ~~to~~ what should be done.

It is hereby resolved that the Board of Supervisors of College Township accept an ordinance organizing a College-Harris Joint Authority for the purpose of sewer collection in ~~the~~ College and Harris Townships. Motion to accept this ordinance by Mr. Weaver; second, Mr. Williams.

Under open discussion numerous questions were raised regarding road maintenance and upkeep of ditches. The Board will contact Sheffler, Hoy and Smith (right name?) about one existing problem and will survey ~~look around~~ the Township to see what recommendations can be made regarding other problem situations.

A one-lot subdivision plan for Mrs. Roy A. Houtz was approved by the Board.
