Lemont, Pa.

Mar. 6, 1956

The Supervisors met at the home of Lester Weaver Mar. 6, 1956 at 8:00 o'clock P.M. The following Supervisors were present, Weaver, Lee and Williams.

Lee reported that he contacted Mitchell about renting his barn for storage of our Equipment and that he will rent it to us for $20.00 per year, but we would have to make doors on the one side of the barn floor and take out a temporary man, it will take about 3 loads of fill to make a road into it. Williams make motion that we rent Mitchell's barn and make the necessary repairs so we can use it for storage, Weaver seconded the motion. It was unanimously passed by the board. The 1956 budget was presented and tentatively approved, it will be ~~[illegible]~~ advertised and finally approved at our next meeting Apr. 3, 1956. There was quite a discussion on the condition of the Twp. Roads which were washed pretty good from that last heavy rain. We are getting them fixed up as fast as we can, we are doing the school bus routes first. It was decided that the Supervisors should buy a few tools since we don't have any. Bob Walters always furnished his own tools for the Twp. use. It was decided that we would buy the following Tools. - 3 Crescent Wrenches, 2 Pliers, 1 Punch, 1 Machine Hammer, 2 Picks, 3 Shovels, 1 Sq. end Shovel, 1 Grease Gun and 2 Log chains (one 3/8" & one 5/16" med. length). Weaver is in charge of buying these tools, he is going to compare prices and report them to the board. It was decided we would build a tool box to keep these tools in, it is to be a movable box and we will keep it in Mitchell barn with the Equipment.

Approved: - Lester M Weaver
Chairman

Elwood G Williams
Sec.
