Lemont Pa.

Aug 14 1940

The Board of Supervisors of College Township held a special meeting on the above day and date with their solicitor Mr. Paul Campbell, for the purpose of considering the issuing of bonds, to finance the purchase of Power Grader.

After considering the matter very carefully due to the cost of bond issue and being unable at this date, to legally, ~~[illegible]~~ levy additional taxes, a motion was made by Walter R. Whitehill and seconded by Clyde I. Struble that the part of the minutes of Aug 25-1940, relating to the awarding of bid for power grader, the borrowing of $4850.00 and the transfer of this amount to budget item #40, be rescinded. Motion carried.

The Secretary was instructed to notify the Galion Iron Works & Mfg Co, of the Boards action and return to them their deposit of $200.00.

The Secretary was authorized to write the Allegheny Equipment Corporation's representative in this district, Mr. L. A. Pritt, relative to the rental of power grader for use by township.
