Lemont, Pa.
Sept. 9, 1958

The Supervisors met at the School House in Lemont on Sept. 9, 1958 at 7:30 o'clock P.M.

The following Supervisors were present: S. Weaver, K. Clauser & E. Williams. The following members of the Planning Commission were also present: Donald Weaver, Robert Spencer, James Wolfe, Elmer Tewskbury, Kenneth Walker and Maud Peters.

The Planning Commission organized with K. Walker Chairman and Donald Wear Secretary. Kenneth Walker reported on the meeting of the College Area Planning. He thought Regional Planning would be a good thing. There would be things that would be helpful to each and all the different Committees. The whole area could go together and hire a consultant Engineer and it wouldn't cost anyone to much money. The board favors a Regional Planning Commission. The local commission would have the final say on anything pertaining to our area. Elmer Tewskbury was appointed to fill Mr. McCheany place on the commission, since Mr. McCheany can't serve because he is an auditor, he will be used as an alternate. The Planning Commission reported that they would meet the 1st Monday of each month. There were 6 resident from Spring-Sea present, they wanted to know what they had to do to get their street paved, why we did roads out in the country and left their street go. They were told the road paved this summer was a main school bus route, therefore it was important that it be paved too. They were told their street would be paved in the near future. The board by motion of S. Weaver and seconded by E. Williams

that we passed the Resolution taking over the street in the Rhodes-Mitchell Development in Lemont and the street in the Mitchell Development in Houseville motion unanimously carried. The new piece of road just passed between Houseville & Shiloh was about ready for final Inspection.

Approved: Lester M. Weaver
Chairman

Elwood G. Williams
Sec.
