Lemont, Pa.
Nov. 18, 1949

The Supervisors met on the above date with all members present.

Herbert R. Imbt of State College was present as the contractor for rebuilding the Houserville road, known as Township Route 376. Mr. Imbt had presented his bill in amount of $4950.80 for services rendered under his contract with College Twp. Supervisors and dated August 22, 1949. He also presented a bill in amount of $824.90 which he claimed for work which he said was beyond his contract. The Supervisors asked for an explanation of why and how these figures were arrived at. Being unable to reach an agreement Mr. Witherow, State Engineer was called in and upon his recommendation a part of the latter bill was accepted by the Supervisors. The Supervisors agreed to settle for $5300 but Mr. Imbt wanted to settle for $5400. The Supervisors being unwilling to go any further in way of a compromise, Mr. Imbt was paid his contract of $4950.80 and the balance was left unsettled until a future time. Later the Supervisors unanimously agreed to settle for an amount totaling $5300 and if Mr. Imbt refuses to accept this, then to pay no more than the amount of the contract.

On Motion by Lee, seconded by Walters, and a unanimous vote Ordinance No. 3 was passed, vacating Route 333 from the Branch Road to Oak Hall. (Copy of ordinance is in Ordinance Book - Ord. #3)

The School Board of College Twp. presented the following request: They wish to have a street light erected along the school driveway near the corner of the Elizabeth Wasson and the James Derge properties. The Supervisors to include the light as a part of their contract with West Penn Power Co., and then to enter into a written agreement with the School

Board. The Supervisors agreed that the agreement is to be drawn for five years and then automatically renewable year by year unless a written request for cancellation is presented sixty days before the expiration date of the agreement. The School board is to pay for the lighting service to the Supervisors on an annual basis at the same rate as the power company charges the Supervisors.

Adjournment.
